RE: Update to Prior Authorization Requirements for Select Drugs – Specialty of Urology

Please be advised that effective February 1, 2023, the following drugs will no longer require prior authorization for urology providers:

J0585	Injection, OnabotulinumtoxinA, 1 unit (Botox)
J9030	BCG live intravesical instillation, 1mg
J9155	Injection, Degarelix, 1mg
J9217	Leuprolide Acetate (for depot suspension), 7.5mg (Lupron Depot)

For additional information or for any questions, please contact Provider Services at 702-892-7313, option 2.

Sincerely,

Culinary Health Fund
